Taiwan No.1 LED Brand, EVERLIGHT LIGHTING Exhibits Diversified LED Lighting Fixtures at LED Expo Thailand 2015

Shulin District, New Taipei City (2015.05.21) –Taiwan's No. 1 LED Brand, "EVERLIGHT LIGHTING" provides superior LED lighting products and services to customers. After two years, EVERLIGHT attends LED Expo Thailand again with a complete product offering for a wide range of applications including a new intelligent bulb, the high efficiency Dolphin Streetlight and industrial lighting solutions. EVERLIGHT is sincerely welcome you to experience EVERLIGHT one stop total solution at the show.

EVERLIGHT's high quality intelligent bulb series can adjust brightness, color temperature and scenario via a mobile device of the consumer's choice (both Android and iOS devices). In addition, the bulb series not only feature good heat dissipation due to thermal radiation, but is also equipped with an LED module specially designed for excellent thermal management. The manufacturing process for the intelligent bulb series fully conforms to RoHS, and complies with CNS, IEC and many other certificates.

In terms of street lighting, EVERLIGHT LIGHTING will demonstrate their new generations of the Dolphin and Victory series in beautiful appearance and good efficiency, honored by 2012 and 2013 Taiwan Excellence Awards respectively. The company insisted that the products be manufactured in Taiwan. Both streetlights have been approved by TISI, UL, CE, CNS to guarantee superior quality.

In terms of industrial lighting, EVERLIGHT's SL-Aton series is widely used in various industrial lighting applications. The fixture weighs only 1.8kg and offers up to 4400lm at 3000K and 5500lm at 5000K. The light design and high efficiency is ideal for workplaces with strict demands on light performance, and applications where weight of fixture is paramount such as outdoor commercial signs. The SL-Aton series is based on EVERLIGHT's standard optical engine and is well suited for street lighting, tunnel lighting and other environments which require high efficiency.

Furthermore, EVERLIGHT LIGHTING will also demonstrate indoor and office lighting at LED Expo Thailand to fully show the advantages of a comprehensive yet diversified production line. EVERLIGHT is able to provide customers with total solutions and the most complete service.
